

CERTIFICATE OF COMPLIANCE

DATE: January 1, 2020

SUBJECT: RoHs 3 Compliance

Dear Valued Customer,

With respect to the resin and foil materials used in Cambridge Security Seals line of products, our material suppliers certify that none contain any of the banned or restricted substances above the allowed thresholds, and therefore are in full compliance under the directive (EU) 2015/863 of the European Parliament and of the Council of March 31st. 2015 (Commonly referred to as "RoHs"). Furthermore, any trace amounts of such substances are fully within the allowable limits. The maximum permitted concentrations in non-exempt products are 0.1% (Cadmium 0.01%)

RoHs now restricts 10 substances:

1. Lead (Pb)
2. Mercury (Hg)
3. Cadmium (Cd)
4. Hexavalent chromium (Cr6+)
5. Polybrominated biphenyls (PBB)
6. Polybrominated diphenyl ether (PBDE)
7. Butyl benzyl phthalate (BBP)
8. Bis(2-ethylhexyl) phthalate (DEHP)
9. Dibutyl phthalate (DBP)
10. Diisobutyl phthalate (DIBP)

Please be informed that Cambridge Security Seals relies on information provided by our suppliers and vendors. That said, we do not test or analyze these materials for the specified regulatory requirements. Ultimately customers must make their own determination that their use of our product is safe, lawful and suitable in their intended applications.

Please contact me with any further questions you may have. Thank you for your interest in our security products.
