

CERTIFICATE OF COMPLIANCE

DATE: 05/13/2024

SUBJECT: California Proposition 65 Compliance

Dear Valued Customer,

With respect to the aluminum, steel, resin and foil materials used in Cambridge Security Seals line of products, our material suppliers have declared that none contain any of the materials with threat of exposure under California's Safe Drinking Water and Toxic Enforcement Act of 1986 (Health and Safety Code Section 25249.5 et seq) which was originally adopted by California voters as Proposition 65 on November 4, 1986. Including the most current OEHHA Update of December 29th. 2023.

Declarations for specific materials can be found in the regulatory data sheets upon request, along with SDS and technical data sheets.

Cambridge Security Seals relies on the information provided by our suppliers or vendors. That said, we do not test these products for these chemical substances. Ultimately customers must make their own determination that their use of our product is safe, lawful and suitable in their intended applications.

Please contact me with any further questions you may have. Thank you for your interest in our security products.
